Continuation Sheet. File No. / Current No. 124 of 43 Page. 1

1 From The Secy to the Hon'ble the Resident No F 3(22) 42/[illegible] d 27th Nov. 43 forwarding a copy of CD Dept circular of 11th Nov. 43 and requesting this Govt to revise their CD arrangements on the lines which have been suggested for British India

1). It is seen from the present revised CD Policy that except certain ports all towns in the rest of India should be regarded as 'C' Category towns in the White Area. Previously the Mysore State was considered Pink Area & this distinction between Pink and White areas is withdrawn. In all towns placed in Category 'C' the active ARP estt should be disbanded and a paper scheme kept ready for being put into effect on intimation from the Govt of India.

From The G.S.C.P.S.
12329-30 d 21st Dec. 43 fwdg alternative proposals for the maintenance of ARP Sirens in Bangalore City

99) Regarding the maintenance of Sirens in Bangalore City the G.S.C.P.S considers that it will not be possible for Mr. Varadayan to attend to this work in addition to his duties..

His suggestions are that either the Sirens and the Control circuits will have to be dismantled and kept in stores for being reconditioned at heavy cost and reinstalled at an addl cost or they will have to be maintained satisfactorily at their respective places for which one operator and two workmen are absolutely

GEN. & REV. SECTT.

37 As regards the electrical equipments for communication service, the arrangement which has now been approved (as proposed by the A.R.P. officer) is that the senior operator M. A. M. Vardarajan may be entrusted with the work of looking after the maintenance of the sirens & the proper upkeep of the equipments in the control room, being paid an allowance of Rs 25 p.m. for the extra work & being also given the assistance of 2 lascars. The G.S. C.G.S. however states that the work can not be managed by M. Varadarajan & that it is necessary to have a whole time operator & 2 men of the work establishment unless the sirens & the control circuits are dismantled to be refitted at considerable cost later on if & when required. It does not seem to be expedient to dismantle in view of the heavy cost for reinstalling & also of the risk of the materials disappearing. In these circumstances

The S.S. has made certain proposals re: the 3 ambulance vans given by Mrs Chetty for the ARP and this is being dealt with in the Medical Section.

Regarding the ambulance van at Mysore the I.G.P. did not make any recommendation in his previous proposals. Now he says it is proposed to give it to the Medical Officer K.R. Hospital with the driver. So he wants instructions to be issued to the R.M.O. K.R. Hospl. In his previous letter the I.G.P. states that the 2 vehicles kept by the ARP organisation Mysore City will be kept in the Police Dept. Evidently the 2 vehicles are excluding the Ambulance Van about which there was no proposal. — Flag — Flag O. Page 7

Submitted for perusal and orders whether the S.S. & R.M.O. may be instructed to take charge of the vehicles. The Medical Dept has perhaps to bear the maintenance charges re: the Ambulance Van at Mysore.

Policy regarding Civil Defence.

Sir,

In continuation of letter from this Residency No.F.3(22)-42/W, dated the 15th March 1943, I am directed to forward a copy of the Government of India Civil Defence Circular No.628/43, dated the 11th November 1943, from which it will be seen that the Civil Defence policy has been further revised in view of developments in the War situation in the last nine months. I am to request that the Government of Mysore will be so good as to review their Civil Defence arrangements on the lines which have been suggested for British India.

2. With reference to paragraph 4(ii) of the Civil Defence Circular, I am to invite attention to the letter from this Residency No.F.3(22)-42/W, dated the 27th May 1943 which conveyed the substance of Civil Defence Department's letter No.184/42-A.R.P.II dated the 21st April 1943.

I have the honour to be,
Sir,
Your most obedient servant,

SECRETARY TO THE RESIDENT.

Secret

Letter No.96/43-A.R.P.II, dated the 11th November 1943 from the Additional Secretary to the Government of India, Civil Defence Branch, Defence Department, New Delhi, to All Provincial Governments and Chief Commissioners,

Civil Defence Circular No.628/43
Subject:- Policy regarding Civil Defence.

I am directed to refer to Civil Defence Department Circular No.509/43, dated the 8th February 1943 on the above subject and to say that the Government of India consider that in view of developments in the War situation in the last nine months a modification of the policy is now possible and desirable.

2. The threat and areas concerned.- (i) It may now be assumed that the threat of air raids to India from the North West has not only been removed but will not recur in the present war.

(ii) From the East any serious threat of air raids now only exists:

(a) for the Provinces of Assam and Bengal;
(b) for that part of Bihar East of the 86th degree of longitude
(c) for a costal strip 25 miles wide in Orissa plus the town of Cuttack; and
(d) for the parts of Madras within a radius of 25 miles from the costal towns of Vizagapatam, Cocanada and Madras.

3. Resulting Policy.- (i) No change of policy is suggested for the areas mentioned in para 2(ii) above which will from now constitute the Red Area.

(ii) As regards the rest of India the Red coastal belt is no longer considered necessary and the distinction between Pink and White areas is withdrawn. The whole of the rest of India therefore becomes White and is no longer deemed to be a Threatened Area as regards attacks from the air though the larger ports may still be liable to light attacks from the Sea.

4. Measures of Civil Defence proposed.- In view of the above considerations it is proposed that the new Red Area should continue its preparedness for air raids on the lines already agreed upon for the existing Red Area in the various Provinces concerned.

(ii) In the rest of India except the ports of Cochin, Bombay, Okha and Karachi all towns should be regarded as C category towns in the White Area. (Reference page 11 of the Agenda for the Conference held on 15th and 16th April 1943 at New Delhi, a copy of which was sent with Civil Defence Department letter No.184/42-A.R.P. II, dated the 21st April 1943, to the Governments concerned.) All measures of Civil Defence should be closed down and only paper schemes retained.

(iii) In Cochin Port, Bombay, Port Okha and Karachi all that should be retained, beyond a sufficient fire-fighting force to deal with fires that might be started as a result of a light attack, is a small mobile rescue service and a small mobile casualty service. The details of the organisation necessary will be taken up separately with the Governments and States concerned.

5. Equipment.- A separate letter will issue to Provinces in the new White Area regarding equipment and vehicles.

6. Buildings, Structural Precautions and Installations in the new White Area.-(i) Baffle walls may be demolished, particularly in cases where they cause inconvenience.

(ii) Slit trenches should be filled in.

(iii) Shelters, Wardens' Posts and other structures may be demolished if there is any advantage in doing so such as using the materials or the space to better advantage. If the structures can be put to any other use or if there is no particular advantage in demolishing them now Provincial Governments will no doubt consider the desirability of postponing the dismantling of them until after the cessation of hostilities when not only may labour costs be cheaper but the finding of work for labourers may prove a pressing problem.

(iv) Static water supplies for fire fighting should not be demolished unless there are urgent reasons for this course though they may be drained of their water if for health or any other reasons this is considered desirable.

(v) Installations for sounding the sirens should not be dismantled in the four ports detailed in paragraph 4(iii) above, though even in these places it may be possible to free a number of telephone and telephone cable of which there is an acute shortage.

7. Lighting Restrictions.- (a) In case it may be necessary to darken any ports of the coast at any time, lighting restrictions in the White parts of the 25 mile coastal belt round the whole coast of India should be removed only on the basis that they can be re-imposed at 48 hours' notice.

(b) In the new Red Areas they should not be removed but certain relaxations, necessary for the war effort, may be desirable. This will form the subject of separate correspondence.

8. The Government of India hope that Provincial Governments will take immediate steps to implement the above policy which is dictated not only by a realistic view of the situation but by the most urgent need to combat inflation by reducing expenditure to the inescapable minimum. Any observations regarding the policy which Provincial Governments wish to make should reach the Government of India within one month.

Ref: GOVERNMENT ORDER No.W.1307-10/W.124-43-2 dated 9-12-1943, ORDERING THE DISBANDING OF THE ENTIRE A.R.P. ESTABLISHMENT (PAID & UNPAID) IN THE CITIES OF BANGALORE AND MYSORE WITH EFFECT FROM 1-1-1944.

SIR,

With reference to the Government Order referred to above, I have the honour to submit the following proposals, drawn up in consultation with the A.R.P. Officer, Bangalore City, regarding the distribution of the several equipments purchased for the A.R.P. measures and request that the approval of Government may be kindly obtained thereto, to enable me to take further action in the matter:-

I. FIRE FIGHTING EQUIPMENTS:

Government in their order No.P.1615-19/Pol.43-42-2 dated 4-9-42, sanctioned the organisation of 9 Fire-fighting units forming an important part of the A.R.P. Organisation for the duration of the War. The District Superintendent of Police, Provincial Reserve Police, is in administrative charge of these units. The personnel of these units have been recruited by selection from the regular men of the Provincial Reserve Police. According to the Government Order, the necessary strength of the personnel has been enlisted and given intensive training in the technique of Fire-fighting and are ready to answer any calls to deal with fire in the City. The units are stationed in the Provincial Reserve Police Lines, under the control and supervision of Mr. C.A.Kanakajetty, Inspector of Police, Provincial Reserve Police, who underwent training in the Fire-fighting at the Bombay Fire Brigade.

Exclusive of the expenditure towards the pay of the establishment which will have, however, to be paid as the personnel are recruited from the Provincial Reserve Police Force, the capital investment made so far towards the purchase of the nine trailer pumps and several accessories necessary to equip the units amounts to Rs.1,05,339/- and further proposals to purchase some more equipment which are very necessary to completely equip all the 9 units are under submission for sanction of Government. A new building for the Fire Brigade Office, at a cost of Rs.8,120/- which has to be revised, is under construction and has come up to the roof level. In addition, practice Steel Tower at a cost of Rs.7,749/- has been constructed for the routine training of the crews. The trailer pumps have been purchased by incurring very heavy expenditure and allowing them to keep idle, will mean loss of heavy amounts and further, lack of proper attention and use will cause the several intricate parts of the machinery get rusty and unfit for use.

Considering the heavy investment that has been made by Government to get these equipments, the intensive training that has been given to the crews of the units, and the useful service that they could render to the public not only during an emergency but also during normal times after the cessation of the war, I suggest that the Government Order of 9-12-1943, relating the disbanding of the A.R.P., may not be made applicable to the Fire-fighting services and recommend the continuation of the services atleast for the duration of the war and its continuation as a permanent measure considered after the cessation of the war.

The several articles of equipment purchased to equip the Fire-fighting units and stored in the A.R.P. Headquarters, including the Trailer Pumps, will be handed over to the charge of the District Superintendent of Police, Provincial Reserve Police, who is the administrative officer in charge of the Fire-fighting units. The Chief Fire Officer, will be in direct charge of these equipments. The Trailer Pump which is kept at Mysore will be got back to Bangalore, as there are no trained personnel to ~~task~~ handle it.

II. MEDICAL EQUIPMENT FOR CASUALTY SERVICE:

All the First-aid equipments purchased for the use of the Casualty Service will be handed over to the Superintendent, Medical Stores, for safe custody and necessary renewals from time to time. These articles may be kept separately so that they may be readily available in the event of an emergency.

III. RESCUE, WARDENS, CANTEEN EQUIPMENTS AND OTHER MISCELLANEOUS ARTICLES:

These will be kept in the stores of the Inspector General of Police Office for the present, for being readily available in the event of the emergency. Their final disposal, when their further retention for A.R.P. purposes is no longer required, may be considered later.

IV. ELECTRICAL EQUIPMENTS FOR COMMUNICATION SERVICE:

The equipment installed in the Control Room for the purpose of communication service may be retained for some more time, as renewal in case of an emergency will involve heavy cost and labour. One automatic phone for any emergent use may be retained and the other automatic phones and also the Magneto-phones installed in the Control Room, G.R.S. Garrage, A.R.P. Headquarters and the Fire Brigade Office, may be removed without disturbing the telephone lines to facilitate re-installation of the phones in case of an emergency.

The sirens installed in the several parts of the City for purposes of warning the public may be retained at the respective places of installation for some time longer and handed over finally to the Electrical Department when they are no longer required.

As regards the maintenance of the sirens and for the proper up-keep of the equipments installed in the Control Room, till such time as their further need is considered no longer necessary, Mr. A.M.Varadarajan, Senior Operator, in charge of the Control Room and who has a thorough knowledge of the warning and communication system may be entrusted with this work, in addition to the regular departmental duties, he may be entrusted with. For this additional work, which will entail his inspecting all the sirens, distributed all over the City, atleast once a week, to test their sound working condition, he may be given an allowance of Rs.25/- per mensem. Assistance of two of the third class labourers working at present in the Control Room, may be given to him for this work. This staff will be under the control of the Superintendent, Bangalore Power and Lighting.

All the electrical equipments purchased and stored for the use of the sirens etc., will be handed over to the Electrical Department Stores for safe custody. They are to be kept separately and not allowed to get mixed up with other departmental stores, so that they may be readily available in an emergency.

V. VEHICLES:

The following vehicles which are at present garaged in the A.R.P. Headquarters, may be distributed as under for purposes of maintenance and safe custody:-

(i) 6 Ambulances: ... 3 of Military pattern, built on P.W.D. vehicles.

3 purchased from the amount of Rs.6,750/- donated by Mrs,M.Clarke

Mrs. Clarke, while donating this amount for the purchase of 3 ambulance vehicles, has suggested, that after the war when normal conditions are restored, these vehicles may be presented, one to Malleswaram Maternity Home, one to Vani Vilas Hospital, Bangalore, and the third to a hospital to be named by her.

A

Pending the disposal of these vehicles after the war, they may be handed over to the Senior Surgeon for safe custody, maintenance and proper use at the important hospitals in the City, which will permit their being readily available in case of an emergency.

(ii) The Propaganda Van together with the "Loud-speaker" equipment will be handed over to the custody of the City National War Front Organisation.

(iii) The "Tea-Van" CHEVROLET Mys.9494, will be handed over to the Fire Brigade, Bangalore City, for being used as tender which is very badly required to carry extra Fire-fighting equipment. This vehicle could also be used to tow the trailer pumps.

(iv) The "REO" Bus Mys/A.1685, will be kept in the Inspector General of Police Office. It will be useful for conveying the police during emergencies.

(v) The "CHRYSLER" Car Mys/A.3234, purchased for towing trailer pumps, will be kept in the Fire Brigade Office, Bangalore City.

(vi) The "WILLYS" Lorry Mys/A.413, will be returned to the Public Works Department, as it is very old and unserviceable.

(vi) "DODGE" Lorry Mys.9754, is at Messrs. Addison & Co., Bangalore, undergoing repairs. The firm has been addressed to expedite the repairs and when the vehicle is received, it will be returned to the Public Works Department.

Several miscellaneous equipments purchased for the maintenance of these vehicles will be kept in the Stores of the Inspector General of Police Office.

The five drivers and two cleaners may be engaged by the Senior Surgeon and the Public Works Department, to whom some vehicles will be transferred as suggested above.

It may however be necessary to retain the services of these drivers and cleaners in the A.R.P. Office, till such time as the A.R.P. Office is completely wound up, as the use of the vehicles will be required to collect all the equipments and despatch them to the several places proposed for safe custody.

I. STAFF OF THE OFFICE:

The staff of the office, including the menials of the office and personal orderlies of the A.R.P. Officer, may be continued till the end of January 1944, as the drawing and disbursing the salaries of the establishment including Paid-personnel for the month of December 1943, settling all the bills of expenditure incurred during the current month and closing all the accounts, will have to be attended to and can be completed only during the month of January 1944. The collection and distribution of the several articles of equipment, which are large in number, for safe custody will take some time. The two telephones provided at the A.R.P. Headquarters and the phone given to the A.R.P. Officer, may be continued till the end of January 1944.

The articles of A.R.P. equipment of the A.R.P. Organisation at Mysore City and at Kolar Gold Field will be kept in the custody of the District Superintendents of Police of the respective places. The two vehicles kept by the A.R.P. Organisation, Mysore City, will be kept in the Police Department.

As regards the maintenance of the sirens installed in Mysore City, a Mechanic of the Electrical Department, may be entrusted with this work. He will work under the supervision of the Superintendent, Mysore Power and Lighting.

After receipt of Government Orders, further action will be taken in the matter.

GOVT. OF MYSORE

Sir,

Subject:- Government Order ordering the disbandment of the entire A.R.P. establishment in the cities of Bangalore and Mysore with effect from 1st January 1944.

I have the honour to invite your kind reference to letter No.AC-295/ARP-43-44 dated the 17th instant, addressed to you by the Inspector-General of Police in Mysore, on the above subject, and to state that with regard to the electric installation in the Control Room and the sirens installed at various places in the two cities, he has recommended that they be maintained by Mr.Varadarajan in Bangalore, who is familiar with the work, on payment of certain allowances, in addition to his work in the Electrical Department, after his reversion to the same.

In this connection I have to state that the sirens contain electrical motor and the mechanical apparatus along with its control equipment both in the Control Room and at the place where the siren has been installed. This equipment is not one specially manufactured for the purpose but is rigged up with materials locally available. Therefore the equipment installed, boththe siren and for the control thereof are open equipments, which are susceptible of damage by white-ants, birds and the damage due to dust, sand, etc. that might accumulate from day to day. If these sirens are to be kept in their respective places, as proposed by the Inspector-General of Police, and have to be kept in a condition to be useful at short notice, these have to be attended to regularly.

The maintenance of the sirens is a work which will engage an Operator and two men of the Work Establishment full time. Therefore it will not be possible for Mr.Varadarajan to attend to this work in addition to his duties in the Electrical Department after his reversion from A.R.P. Either the sirens and the control circuits will have to be dismantled and kept in store for being reconditioned at heavy cost and re-installed at an additional cost, as and when required, or they will have to be maintained satisfactorily at their respective places. If the former alternative is to be adopted, additional expenditure in reconditioning them cannot be avoided. If the second alternative is adopted, the maintenance staff, one Operator and two workmen, are absolutely necessary and will have to be engaged full time. Therefore I would request you to kindly obtain orders of Government as to which one of the alternative is to be adopted in respect of the electric installation in Bangalore City and obtain necessary approval for the whole time staff required, if the second alternative is adopted. The staff will work under the Superintendent, Bangalore Power and Lighting, and the cost thereof will be debited to the head to be NOC, indicated by Government.

With regard to the sirens and the Control Room in Mysore City, the suggestion of the Inspector-General of Police, as contained in the penultimate para of his letter under reference be approved. The Mechanic will be a whole-time man with the assistance of two labourers, who will work under the supervision of the Superintendent, Mysore Power and Lighting, and the cost of maintenance and the salary of the Mechanic and the two workmen will be debited to the head to be indicated by Government.

SIR,

SUBJECT: Continuance of part of the office establishment of the A.R.P.Mysore City

With reference to Government Order No.W.1714-16/W. 124-43-16, dated the 31st January 1944, sanctioning the continuance of certain office establishment till the end of January 1944, to enable the A.R.P.Controller, Mysore City, to wind up the A.R.P.Organization, I have the honour to state that the A.R.P.Controller, Mysore, has, in his letter No.537/43-44, dated 2nd February 1944 (copy enclosed) stated that there still remain some more articles due from the Divisional Wardens and that the work of collection is expected to take some more time.

On receipt of these articles they have to be finally despatched to the appropriate offices, i.e., the Medical Stores and the Mysore District Police Office, and hence the Controller finds that the continuance of the marginally noted staff till the end of February 44 is absolutely necessary. He also seeks permission to the retention of one van meant for the trailer pump for a period of fifteen days from 1st February 1944 to despatch the equipment received from the wardens.

One accountant on Rs.50-4-70
One peon on Rs.11
One Peon on Rs.10

Under the circumstances represented, sanction of Government may be kindly obtained (i) to the continuance of the staff proposed till the end of February 1944, and (ii) to the retention of the van with the driver and cleaner till 15th February 1944. The expenditure will be met from the grant under "32 B 6 A.R.P.(i) Police".

I have the honour to be,
Sir,
Your most obedient servant,

GS

Inspector General of Police.

ENCLOSURE.-

D.O.Letter No.537/43-44, dated 2nd February 1944, from the A.R.P.Controller, Mysore City, to the Inspector-General of Police in Mysore, Bangalore.

In inviting your kind reference to this office letter No.523/43-44, dated 29th January 1944, recommending the continuance of the office staff for a further period of one month from 1-2-1944, I write to state that after collecting articles readily available with the Chief, Deputy Chief and Divisional Wardens, there still remain some more articles due to be collected from them. Hence the gentlemen concerned have been addressed and several reminders issued to return the articles still due from them. The work of collection is expected to take some more time.

Besides, some of the ARP Rescue and other articles are still to be sent to the District Superintendent of Police and also the Medical Store articles and first aid materials have to be packed and handed over to the officer to be selected by the Senior Surgeon who has been addressed in the matter. In the circumstances, I feel it necessary that the office staff as detailed in the margin has to be continued for a further period of one month, i.e., up to 29th February 1944.

One Accountant
Rs.50-4-70
Two peons -
One on Rs.11
one on Rs.10

The use of a trailer pump van and the services of the driver and cleaner for the despatch of the equipment to the offices concerned is necessary. As such, I recommend that their services may be kindly caused to be continued for a period of a fortnight from 1-2-1944. After the termination of their services in the ARP, the DGP Mysore, to whom the vehicles are instructed to be handed over may be kindly directed to take them on duty.

In anticipation of your kind approval, I have continued the staff as explained above. I request that the Government may be kindly addressed to sanction the continuance of the staff.

SIR,

Subject:- Disbanding the A.R.P.Organisation.

I have the honour to invite reference to G.O.No.W. 1484-91/W.124-43-6 dated 30th December 1943 approving my proposals with certain modifications, regarding the distribution of the several articles of equipment purchased for the A.R.P. measures including vehicles.

Accordingly to this order 6 ambulances garraged in the A.R.P. Headquarters with the drivers and cleaners are to be distributed among the hospitals by the Senior Surgeon as indicated therein.

So far no action has been taken in the matter by the Medical Department and the Vans with their staff are still in the custody of this Department.

Further, there is one more ambulance Van with the A.R.P. Controller, Mysore City which is proposed to be given away to the charge of the Medical Officer, Krishnarajendra Hospital. In this connection the A.R.P. Controller, Mysore City has written to me in his letter Nos.529/43 dated 1st February 44 and 552/43 dated 4th/9th February 44 (copies enclosed) that in the absence of specific orders of Government, the Resident Medical Officer, refused to take charge of the ambulance and the driver. I request that in the circumstances, the Senior Surgeon may kindly be instructed to take charge of the 6 ambulances with the drivers and drivers and cleaners in Bangalore City and (2) to direct the Resident Medical Officer, K.R. Hospital to take charge of the ambulance Van and the driver immediately.

Subject:- Disbandment of A.R.P. Organisation.

Adverting to letter No.AC.1858/42 dated 4-1-44, from the Inspector General of Police in Mysore, Bangalore, stating that the Ambulance Van may be handed over to you etc., I have the honour to state that the van is sent to the Mysore State Railway Workshop for certain repairs. As the driver of the lorry cannot be retained in the A.R.P. after 1-2-44, I have directed him to report himself for duty before you.

The lorry may be kindly arranged to be got back from the Railway Workshop, after the repairs are done. The Works Manager of the Railway workshop has also been requested to expedite the repairs work and to hand over the lorry to your charge.

The repair charges will be met from the ARP funds. The L.P.C. of the driver will be sent shortly.

In continuation of this office letter No.529/43-44 dated 1st Feb.1944 to the Resident Medical Officer, K.R.Hospital, Mysore and a copy being sent to you, I have the honour to state that the driver Varadaraja Mudaliar of Ambulance lorry, who was sent along with the letter adverted to, with instructions to report himself for duty before the Resident Medical Officer on 1-2-44 A.N. returned yesterday and representdd that the Medical Officer refused to take him on duty for want of a Government Order authorising the maintenance of the lorry and the lorry driver in the Medical Department.

The Executive Engineer, Mysore Division, who was also addressed in the matter has now written to say that the driver may be sent to K.R.Hospital with the lorry as he is attached to that lorry etc.

In the circumstances, I request that the Medical Officer may be requested to kindly take the driver. It may also be kindly intimated whether the driver may be continued till the date of his relief to K.R.Hospital; otherwise it will be a break of service to him.

GOVT. OF MYSORE.

The Chief Secretary to the Government
of His Highness the Maharaja of Mysore,
Bangalore.

Sir,

I have the honour to state that as Government in their order No.W.1307-10/W.124-43-2 dated 9-12-1943, ordered to disbandon the entire A.R.P. establishment in the Cities of Bangalore and Mysore from 1-1-1944, the Inspector General of Police in Mysore was requested to hand over to the Vani Vilas Hospital, Bangalore, one of the Motor Ambulances purchased out of the donation of Mrs. Clarke, in accordance with the conditions specified in Government Order No.559-63/W. dated 29-7-1942. He has, in his letter No.A.C.1858/43-44 dated 3-3-1944 (copy enclosed) stated that the question of permanently handing over the ambulance van has to be taken up after the War and that as ordered by Government all the ambulance van are being given over to the Senior Surgeon in Mysore, for safe custody, maintenance and proper use in important hospitals. I need not point out the importance of the Vani Vilas Hospital for which Mrs. Clarke has desired to present one of the vans. As this institution is directly under my control and as the necessity of one van is very keenly felt in this hospital, I request you to be so good as to arrange to hand over one of them to me for use in the Vani Vilas Hospital, Bangalore, under the same conditions specified to the Senior Surgeon.

The favour of an early reply is requested.

I have the honour to be,
Sir,
Your most obedient servant,

CHIEF MEDICAL OFFICER.

Ambulance Van for the use of Vani Vilas
Hospital, Bangalore.

With reference to your letter No.C.600-239 dated 25th February 1944, requesting to hand over to the Vani Vilas Hospital, Bangalore, one of the Motor Ambulances purchased out of the donation of Mrs. Clarke, I have the honour to state that the question of permanently handing over the ambulance van has to be taken up after the War.

In the meantime as ordered by Government all the ambulance van are being given over to the Senior Surgeon for safe custody maintenance and proper use in important hospitals which will permit of their being readily available in case of emergency. I would therefore suggesting you addressing the Senior Surgeon in the matter.

CHIEF SECRETARY
War
20 APR. 1944

The Chief Secretary to the
Govt. of H.H. the Maharaja of Mysore,
BANGALORE.

Sir,

Subject:- Establishment for Maintenance of A.R.P. Instruments.

B+W.

In inviting kind reference to G.O.No.1588-92-W dated 19-1-'44 and No.W-2155-59-W124-43-21 dated 10-3-1944, sanctioning the marginally noted Establishment for the supervision and upkeep of the Electric Sirens installed in Bangalore and Mysore Cities, I have the honour to state that the term of the appointments expires on 30th April 1944 while the necessity for the staff to look after the instruments continues to exist so long as the Electric Sirens are not dismantled. I would, therefore, request you kindly to obtain orders of Government to continue the marginally noted staff till 31-12-1944 when the necessity for maintaining the Sirens in tact may be re-examined.

BANGALORE.
